requested electronic service at the email address registered to the appellant's Fifth Circuit PACER account. Appellant understands that consent to e-service requires that service of filings via US mail will be discontinued.

Appellant asks that this motion be granted, because appellant wishes to use the court's [brief guidance and sample briefs](#) and 'brief template and brief checker' which are available to parties granted e-filing prior to the issuance of the briefing notice.

Appellant understands if this motion is granted, the e-filing privilege only applies to this case while it is pending and that abuse of the e-filing privileges may result in revocation of the right to e-file.

For the above reasons, Appellant seeks permission to e-file in this matter.

Respectfully Submitted,

Verification of Motion
